About This Game

In a world where demons exist, Kain and Leanna live in a relatively peaceful village.

Kain is a natural-born fighter who hunts demons around their village.
Leanna is an innocent and kind-hearted young girl, but also kind of a bumbling idiot.

The two eventually marry each other, capturing the envy of the entire village.
As they prepare to start their happy life together, something happens.

That night, the village is attacked by demons.

Kain quickly grabbed his weapons and set out to defeat the invaders.

However, he is careless and leaves himself open for an attack, only for a traveler to dive in and take the blow for him.

Kain has a doctor treat the traveler, promising him that he'll pay later.

And thus, Kain ends up neck deep in debt.

Though he says he'll collect the money himself, Leanna has decided that she'll work as well; they are a family now, meaning that they share their problems.

It'll be up to Leanna to help pay off her husband's debts by taking up several part-time jobs in this Slice of Life RPG!

leanna's slice of life v1.0 by acerola. leanna's slice of life igg

This is one of the good ones. With acerola's trademark quality and style this is definitely worth the price if you're interested in this sort of genre. 8/10. This game is so good that it should be destroyed!. Meets required standards.. It is a fun game. You play as a virgin couple, mainly with Leanna but sometimes with Kain, in a infested city by perverts. Basically one psychopath friend of the couple got injured protecting Kain of a monster and the couple vow to pay for a sham 2 million gold treatment. Leanna works only during the evening at most days but can work 2 turns at weekends. She can try stay away from sexual abuse from most bosses or give in and become adulterous. Kain can also be a plain husband basically working and failing sexually until the end or become perverted and promote the adulterous life of the wife at night. It can be repetitive sometimes but the great text and richness of H-Scenes make the game fun and the mind and hands busy. Dont forget to install the last version of the patch.. I get the best ending with my virginity intact

Also found my new philosophy motto

"It's not sex if you do it in the @ss" - Leanna

mediocre gameplay and story though. 6/10

recommended for ntr fetish \u2714\u2714\u2714. We need more games like this one. (\u0361\u00b0 \u035c\u0296 \u0361\u00b0). I'm almost done with NG+ and I was pleasantly surprised with all of the events I missed! This is an outstanding game!

PROS:

A lot of scenarios

Multiple routes

Good plot

Wonderful images

Great soundtrack

Hidden rewards

Cons:

Reused Images-I'm not a stickler for this but I know people do care haha

Can get very redundant if you do the same scenarios (probably a problem for people who don't like the other options).

hehehe.....HEHEHEHEHE. First review and I'll make it a positive one.

A lot of scenes are the same image with different text, but it's not really terrible. I enjoyed it, Go for a pure run to beat it, and if you really cant wait just create an alternate save and do what you like.. Meets required standards.. 10/10 Good Game
